Subject: **Welfare of Paraplegics**

A meeting of 18 April 2006, between Brigadier Pervaiz Rashid Commandant of Armed Forces Institute of Rehabilitation Medicine (AFIRM) and Mr. Saad Khan of the Swiss Pakistan Society, exchange of valuable ideas have taken place to facilitate early rehabilitation of paraplegic patients of the earthquake disaster. The AFIRM would like to seek cooperation of Swiss Pakistan Society in realizing the following objectives:-

- a. To develop instructional multimedia DVD volumes for patients, family members and caretakers.
- b. To install information centers (information/entertainment) in each ward (PC based Internet, Multimedia and DVD players).
- c. To send 2 Pakistan doctors to Switzerland for training in Paraplegic rehabilitation centre.
- d. To receive from Switzerland a female and a male paraplegic Physiotherapists for training the Pakistani trainers at AFIRM.
- e. To procure functional electrical system for training of paraplegic patients
