Maj. Gen. Farooq Ahmad Khan, Federal Relief Commissioner

Dear Mr. Durrani,

On behalf of the Swiss Pakistan Society we would like to congratulate Pakistan on launching the National Volunteer Movement. Our experience in Switzerland shows that such organisations can actually work and make a great difference. We therefore associate lots of hope and expectation from the National Volunteer Movement in the reconstruction phase of the earthquake hit area in Pakistan. We hope that the majority of volunteers will be the earthquake survivors themselves.

Swiss Pakistan Society has decided to officially support the National Volunteer Movement. We are sponsoring a winter kit for 9'000 volunteers. Three 40feet high-cube containers loaded with winter kits have left Switzerland and are expected to arrive Port Qasim on 30.12.05

Attached please find a copy of "Bill of Landing" document.

The shipment includes the following Material:

- Swiss Army sleeping bags 4' 500 units
- Swiss Army winter caps 11'000 units
- Swiss Army winter gloves / Mitten 12'000 pairs
- Swiss Army winter coats 9'000 units*
- Swiss Army trousers 3600 units
- Trouser belts 1000 units
- Click-on belts for sleeping bags 4'000 units

** 3000 units of Swiss Army winter coats have already reached Karachi and will be handed over in Islamabad to Brigadier Dogar in the coming days.*

Yours sincerely
